2. ANNEXURE B DETAILED OF ADJUSTMENT CAPITAL BUDGET FOR 2024/25.....	38-42

1. PURPOSE OF THE REPORT

The purpose of this report is to table before Council the proposed adjustments on the approved 2024/2025 Operational and Capital Budget and the two outer years for the approval thereof as required by the following:

- MFMA Section 28 (1) (2) (a)(b)(d)(e)(f) and (g).
- Municipal Budget and Reporting Regulations (MBRR) section 23 (1).

The primary objective of this budget is to enhance the provision for maintaining infrastructure assets, with a particular focus on network materials for water and sanitation, electricity, roads, streetlights, grass cutting and civil maintenance.

Furthermore, the municipality aims to generate a positive operating surplus to meet its current and past obligations, strengthening its overall financial position.

2. BACKGROUND

2.1 Municipal Finance Management Act (MFMA) section 28 (2) (a)(b)(d)(e)(f) and (g) respectively states that –

1. “A municipality may revise an approved annual budget through an adjustment budget”.
2. “An adjustments budget –
 - a) must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year.
 - b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for.
 - c) may, within a prescribed framework, authorize unforeseeable and unavoidable expenditure recommended by the mayor of the municipality.
 - d) may authorize the utilization of projected savings in one vote towards spending under another vote.
 - e) may authorize the spending of funds that were unspent at the end of the part financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council.
 - f) may correct any errors in the annual budget; and
 - g) may provide for any other expenditure within a prescribed framework.

2.2 MBRR (Municipal Budget and Reporting Regulations 23 (1) states that –

- 1) An adjustment budget referred to in section 28 (2) (b),(d) and (f) of the Act may be tabled in the municipal council at any time after the mid-year and performance assessment has been tabled in the council, but not later than 28 February of the current year.

3. DISCUSSION

The municipality financial performance since the start of the financial year until the 31st of December 2024 depicts that items should be reviewed and aligned to the income received and expenditures incurred to be based on realistically anticipated revenues to be collected.

The discussion will cover Operating financial management review and Capital budget management review.

4. FINANCIAL IMPLICATIONS

4.1. Operating Financial Management Review

The municipality approved the budget which sets out revenue and expenditure targets. The mid-year budget and performance report is a tool to review the progress that has been made by the Municipality in realizing the targets it had set for itself at the beginning of the financial year. Furthermore, the Accounting Officer submits regular Section 71 Reports to the Mayor and other spheres of government on the monthly financial performance of the municipality. This approved adjustment budget is prepared based on the six months actuals and departmental consultation was performed from 14 - 30 January 2025 to align the budget with six months actuals.

The municipality's financial performance over the past six months has been reviewed as follows:

- 4.1.1 A healthy positive operating surplus of R584 million was achieved for the 2023/2024 financial year, which was utilized to settle both current and outstanding creditors obligations.
- 4.1.2 The creditors' aging analysis reflects an improvement of R407 million, decreasing from R682 million in July to R275 million in December 2024.
- 4.1.3 The municipality had to allocate additional R33 million for chemical toilets in informal settlements (1 845 units) due to the termination of the provision of interim sanitation services in the municipality by the Provincial Department of Human Settlements.

- 4.1.4 Given the current condition of the road infrastructure, additional budget allocations are necessary for maintenance and resurfacing to ensure the road network meets acceptable safety and quality standards. Regular maintenance is essential to prevent further deterioration, reduce long-term repair costs, and enhance accessibility for residents and businesses.

Table 1: Summary of Financial Performance Revenue and Expenditure (including Opex & Capex)

4.1.5 The approved mid-year adjustment budget for 2024/25 is driven by total projected revenue increase of R 5,0 billion and total projecting operating expenditure of R 4,5 billion, capital expenditure of R 449 million resulting in a surplus of R34,5 million and R448 million over the MTREF period. There is a notable improvement of R23,2 million increase on surplus against original budget.

Total operating revenue												

4.2. Revenue Analysis

4.2.1 Electricity revenue

Electricity revenue has increased by 12.98%, reaching R1.76 billion compared to the original budget. At the time of preparing the 2024/2025 Original Budget, NERSA had not yet approved the proposed restructured tariffs. As a result, the municipality was unable to incorporate the revenue projections from tariff restructuring into the budget. The tariff restructuring was implemented in July 2024, leading to a gradual improvement in revenue that now requires alignment with the budget.

4.2.2 Water revenue

Water revenue has increased by 22.8% amounting to R 114 million based on the mid-year performance actuals. The main reason for improvement is due to the maintenance of water leakages, the water meter installed and gradual attending to water billing issues and queries.

The municipality managed to reduce non-technical annual real losses in the 2nd quarter (end of December 2024) from R31 million to R27 million, achieving a R4 million decrease in non-technical water losses. Additionally, total losses, including all factors, dropped by 13%, declining from 38% in the first quarter to 25% in the second quarter. More efforts have still to be made to achieve a standard norm or allowable rate of 15%.

4.2.3 Sanitation

Sanitation revenue remains unchanged from the approved budget amounting to R335 million.

4.2.4 Refuse revenue.

Refuse removal revenue increased by 9.3% compared to the approved original budget. Over the first six months of the financial year, the service generated R72 million, reflecting a R13 million increase.

This growth in revenue was driven by the identification of previously unbilled properties. The Department of Integrated Environmental Management (DIEM) must continue investigating discrepancies between the general valuation roll and billing reports to identify any remaining unbilled properties.

4.2.4 Income from agency services

Income from agency services increased by R21,9 million against approved original budget because of vehicle registration and licensing services that took place in the past six months.

4.2.5 Property rates

Property rates increased by 4.1%, reaching R27,6 million based on mid-year actual performance. This growth is largely attributed to an expanded revenue base, as previously unbilled properties were incorporated through the Supplementary Valuation Roll. The process remains ongoing and is being addressed progressively.

4.2.6 Rental of facilities

Rental facilities increased by 21.9% compared to the approved original budget, driven by revenue from outdoor advertising (billboards), which generated R2 million in the last six months.

4.2.7 Operation and Capital grants

Grant slightly increased against the approved original budget because of Integrated Urban Development Grant (IUDG) which improved by R522 000 based on the revised Division of Revenue Act (DORA).

4.2.8 Traffic Fines

Traffic fines remain unchanged from the approved budget amounting to R36 million.

4.2.9 Interest received from investment

Interest income from investments increased by 19% compared to the original budget, as grant funds received were invested while projects were still in progress.

4.2.10 Interest received - Outstanding debtors

The interest received from debtors increased by 35.5% or R38 million against the original budget as there are backlogs in handing over accounts that are outstanding for more than 60 days to debt collectors, once the account is handed over to debt collectors' interest will not be charged.

Another factor contributing to the increase in interest charges is the implementation of new structure of electricity tariffs, which are being challenged by certain communities. These disputes have led to delayed payments and increased financial pressure on the municipality, resulting in higher interest costs on outstanding obligations.

Customers have been disputing the 2024/2025 new electricity restructuring tariffs approved by NERSA on the 28 June 2024 after the submission of cost of supply by the municipality. Afriforum's case against Mogale City new electricity tariff structure was heard in the Gauteng High Court on 28 January 2025. The court dismissed the application as invalid due to the applicant's exclusion of NERSA as a party to the case (a non-joinder issue). The court has affirmed that tariffs are regulated and approved by NERSA before implementation. This has indeed aligned to our stance and standpoint to all disputes responded to by the clients.

4.10.11 Sale of goods and rendering of services

Other revenue increased by 47.1% or R8 million against the approved original budget due to increased income from various items mainly on the following line items:

1. Cemetery fees amounting to R2,1 million
2. Building plans amounting to R 3,5 million
3. Advertising fees amounting to R2,5 million

4.3. Expenditure Analysis

Table 3: Statement of Financial Performance Expenditure

4.3.1 Employee-related cost.

Employee-related costs increased by 3.8%, totaling R39,8 million, compared to the approved original budget. The increase is attributed to the following factors:

- Implementation of 1.5% annual salary increments in line with the Bargaining Council Collective Agreement, scheduled for payment from March to June 2025.
- The municipality is recruiting 66 general workers, with 56 positions allocated to the Department of Integrated Environmental Management (DIEM) and the remaining 10 to Infrastructure Development Services (IDS - Roads).
- R2 000 once-off non pensionable payment for Gap Market allowance for employees earning income of less than R22 000 per month who do not receive a housing allowance as per Salary and Wage Collective Agreement signed at the South African Local Government Bargaining Council.

4.3.2 Remuneration of Councilors

Remuneration to councilors increased by R3.5 million compared to the approved original budget, which will cover the 2.8% annual increment as per the 51407 Gazette Remuneration of Public Office Bearers Act.

4.3.3 Electricity bulk purchases

Bulk electricity purchases at the time of compiling the original budget was R 1,2 billion. The performance of the service for the six months of the financial year was R 653 million. The approved expenditure for bulk purchase has increased by R102 million based on past performance and cover the high season tariffs.

4.3.4 Water inventory purchases

Water inventory increased by 16,5%, totaling R86,5 million, compared to the approved original budget. This growth is attributed to the heatwave season. The municipality needs to address water distribution losses to help reduce the financial strain of purchasing water that does not generate-income.

5. EXPENDITURE ANALYSIS
Contracted services

Table 4: contracted services above R5 million

Grand Total	364,819,855	102,787,140	467,606,995		182,591,428	285,015,567

5.1 The table above indicates contracted services above R5 million. The contracted services increased by 28.2%, amounting to R 103 million on several services mainly on the following items:

- a) An additional R33 million for chemical toilets to bring the budget to R63,7 million, due to the termination of the provision of interim sanitation services in the municipality by the Provincial Department of Human Settlements. *The municipality is now covering the costs to maintain the usage of toilets already placed in communities. The Infrastructure Development Services (IDS -Water & Sanitation) must urgently start the process of supply chain management to go out on tender or provide alternative solutions in delivering this service to the most disadvantaged communities as this service is no longer affordable to the municipality.*
- b) Maintenance of roads (Potholes) additional of R2 million, to R8,8 million.
- c) Grass cutting increased by R2,5 million to R4,7 million.
- d) Management of the Landfill site have increase by R5,9 million to R6 million to mitigate any issues of non-compliance.
- e) An additional R12 million has been allocated for refuse removal, with R23 million set to be utilized over the remaining five months of the financial year to bring the budget to R47 million.
- f) Maintenance of streetlights increased by R4,8 million from R1 million to R5,8 million.
- g) Maintenance of electricity network (11/33kv) high voltage and substation increased by R4 million to R12 million.
- h) Legal costs were increased by R10 million to R24 million to cover the court cases or litigation related expenses.

- i) Security services increased by R39 million to R 127 million due to escalation of vandalism of critical infrastructure such as wastewater treatment works, substations, reservoirs, Civic Centre 107, Chamdor Yard, Licensing Centre and landfill sites necessitated deployment of high-risk security services. Requests were also received from IDS and Human Settlement for deployment of security services to newly completed assets.

5.2 Depreciation

Depreciation increased by R10 million as compared to the approved original budget to cover new assets acquired as well as capitalized in the current financial year.

5.3 Debt impairment

There is an increase of 18.1% on the provision for debt impairment against the approved original budget. Debt impairment is derived from interest charged on debtors and estimation of billed revenue that is likely not to be collected from customers. Municipality has reassessed the collection rate and debt impairment provision calculations using the MFMA circular no 71: financial ratios from National Treasury and noted that the collection rate for financial year ending 2023/2024 is 85% and for the first half of the current financial year ending in December 2024/25 is 90 %. Based on the collection rate calculated above, the municipality anticipates an average collection of 89% on the revenue billed for 2024/2025 financial year and 11% which is projected not to be collected from customers (debt impairment).

The municipality anticipates collecting 89% revenue by year end since they have embarked on Mogale Ya Tima campaign to collect debts from customers owing and intensifying credit control implementation on businesses and residential.

5.4 Operational cost

General expenses decreased by 1.2%, amounting to R 2,5 million against the approved original budget, mainly on the following:

- 5.4.1 Savings from audit forensic R1 million to Human resources (HR) advertisement for handling and appointment process.
- 5.4.2 Savings from purchase and distribution of 240L bins to rental of earthmoving equipment amounting to R1,5 million.

- 5.4.3 Safety equipment & protective clothing (PPE) of R2,7 million to Integrated waste management plan (IWMP) & landfill emergency as well as processing horticultural machines and for IDS(Roads) general workers.

6. CAPITAL BUDGET EXPENDITURE REVIEW

6.1 Capital budget.

The capital grants have increased on the following line items:

- 6.1.1 Integrated Urban Development Grant (IUDG) increased by R522 000 against approved original budget based on the revised Division of Revenue Act (DORA).
- 6.1.2 Additional own funding of R12 million for Swaneville industrial park projects. These projects were budgeted for through IUDG grant in the original budget but later were rejected hence additional funding was identified through savings from operational expenditure to cover expenditure already incurred.
- 6.1.3 Furthermore, additional savings was identified from Operational expenditure to CAPEX, amounting to R 9 million to cover costs on the following items:
 - i. Flip Human refurbishment installation of fence amounting to R7 million.
 - ii. Purchase of flatbed truck for Infrastructure Development Services (Roads) R2 million.
- 6.1.4 Installation of Smart meters for water amounting to R5 million.
- 6.1.5 Installation of Electricity meters for indigents amounting to R3 million.
- 6.1.6 The decrease in the Sports and Recreation Grant (SRAC) is a result of reallocating funds from the Capital Expenditure budget (CAPEX) to the Operational Expenditure budget due to departmental revisions in their business plans.

													158 697	

The approved adjusted cash flow budget indicates that the municipality will close its books with a surplus of R147 million for the financial year 2024/25, R135 million and R159 million for the two outer years.

The table indicates that Mogale City has been making steady progress in settling its creditors' obligations since the start of the current financial year.

7. LEGISLATIVE IMPLICATIONS

Section 28 of the Municipal Finance Management Act 56 of 2003 (MFMA)

8. HUMAN RESOURCES IMPLICATIONS

None

9. BUSINESS RISKS IMPLICATIONS

Meeting financial obligations and service delivery mandate.

EXTRACT FROM THE MINUTES OF THE 43rd SPECIAL MEETING OF THE COUNCIL OF MOGALE CITY LOCAL MUNICIPALITY FOR THE TERM 2021-2026, HELD ON WEDNESDAY, 26 FEBRUARY 2025 AT 10:00 IN THE COUNCIL CHAMBER

ITEM K (ii) 01 (02/2025)

Proposed Adjustment Budget for 2024/2025

There were different views on the item from Councillors and the Speaker ruled on the following rule:

Rule 18 of the Council Rules of Order which states: "*all questions concerning matters listed in Section 160(2) of the constitution may only be considered by council and determined by a decision taken with a supporting vote of 50% plus one of all members present in the meeting of council*".

NO. OF CLLRS PRESENT	IN FAVOUR OF ADOPTION	AGAINST ADOPTION	TOTAL NUMBER OF VOTES: 71
71	42	29	<ul style="list-style-type: none">• 42 total number voted for adoption.• 29 Against adoption

RESOLVED:

That cognizance be taken on the following:

1. Of the report tabling proposed adjustment budgets of Mogale City Local Municipality for the financial year 2024/2025 as set out in the schedules attached below MBRR Table B1 to Table B10 (from pages 20-31).
2. Of the Adjusted Operating revenue, expenditure, and Capital Budget of the Municipality for the financial year 2024/2025 and the outer years as set out in the following tables:
 - 2.1 Adjustment Budget Summary as contained in (MBRR Table B1).
 - 2.2 Adjustments Budget Financial Performance (functional classification) in (MBRR Table B2).

2.3 Adjustments Budget Financial Performance (revenue and expenditure by municipal vote) in (**MBRR Table B3**).

2.4 Adjustments Budget Financial Performance (revenue and expenditure) (**MBRR Table B4**).

2.5 Adjustments Capital Expenditure Budget by vote and funding in (**MBRR Table B5**).

3. Of the adjustment budget financial position, cash flows, cash-backed reserve/accumulated surplus, asset management and basic service delivery targets be adopted and approved as set out in the following tables:

3.1 Adjustments Budget Financial Position as contained in (**MBRR Table B6**).

3.2 Adjustments Budget Cash Flows as contained in (**MBRR Table B7**).

3.3 Cash backed reserves and accumulated surplus reconciliation as contained in (**MBRR Table B8**).

3.4 Asset management as contained in (**MBRR Table B9**); and

3.5 Basic service delivery measurement as contained in (**MBRR Table B10**).

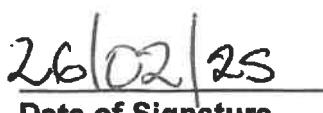

4. That the adjusted operating revenue, expenditure, and capital budget of Mogale City Local Municipality for the financial year 2024/2025 and indicative estimates for the two projected outer years 2025/2026 and 2026/2027, as set out in the schedules listed be approved.

5. That the proposed adjustment budget in its current form is funded by R43 million in the 2024/2025 financial year.
