GENERAL TARIFF POLICY

2025 -2026

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

PREAMBLE

- **WHEREAS** section 62 (1) of the Local Government: Municipal Finance Management Act (MFMA), Act 56 of 2003, prescribes that the Accounting Officer (AO) of a Municipality is responsible for managing the financial administration of the Municipality, and must for this purpose take all reasonable steps to ensure that, inter alia, the Municipality has and implements a tariff policy referred to in section 74 of the Local Government: Municipal Systems Act (MSA), Act 32 of 2000 as amended.
- **WHEREAS** section 4 of the Municipal Systems Act prescribes that a Municipality has the right to charge fees for services and impose surcharges on fees, rates on property and, to the extent authorised by national legislation, other taxes, levies and duties; and
- **WHEREAS** section 4(2)(d) of the Municipal Systems Act prescribes that a Municipality has the duty to strive to ensure that municipal services are provided to the local community in a financially and environmentally sustainable manner; and
- **WHEREAS** section 4(2)(e) of the Municipal Systems Act prescribes that a Municipality has the duty to consult the local community about the level, quality, range and impact of municipal services provided by the municipality, either directly or through another service provider; and
- **WHEREAS** section 74 of the Municipal Systems Act requires the Municipal Council to adopt a tariff policy;

Now therefore the Municipal Council of the Mogale City Local Municipality adopts the following tariff policy.

ee) "**VAT**" means Value-Added Tax in terms of the Value-Added Tax Act, 1991, as amended;

ff) '**an availability charge**' in relation to a particular service (albeit water, electricity, sanitation and refuse removal) shall mean an amount payable by the consumer in respect of the service as the consumer may reasonably be connected to the service which is available, although the vacant property concerned is not in fact so connected and or serviced. In contrast hereto a 'charge' shall refer to the minimum amount payable by the consumer in respect of a particular service irrespective of the extent to which the service is used during any given period of time.

gg) In this tariff policy, a word or expression derived from a word or expression defined in subsection (1) has a corresponding meaning unless the context indicates that another meaning is intended.

hh) This tariff policy must be read with all other Acts, Bylaws, Ordinances, Regulations and other policies pertaining to the supply of services by the Municipality and the tariffs and fees payable in respect thereof. In the event of any inconsistency between this tariff policy and any other legislation in force when this tariff policy comes into effect, the legislation shall prevail.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

PART 2: GENERAL INTRODUCTION AND OBJECTIVE

- 2.1 A tariff policy must be compiled, adopted and implemented in terms of Section 74 of the Local Government: Municipal Systems Act 2000, such policy to cover, among other things, the levying of fees for municipal services provided by the municipality itself or by way of service delivery agreements.
- 2.2 The tariffs policy has been compiled taking into account, where applicable, the guidelines set out in Section 74 (see part 5 of this policy).
- 2.3 In setting its annual tariffs the council shall at all times take due cognisance of the tariffs applicable elsewhere in the economic region, and of the impact which its own tariffs may have on local economic development.

PART 3: SCOPE OF APPLICATION

- 3.1 It is intended that this policy document guides the annual setting (or revision) of tariffs, hence the policy does not make specific tariff proposals, nor does it deal in any detail with the implementation of specific tariff proposals. Details pertaining to specific levels and applications of the various tariffs are published in the respective tariff policies where applicable as well as the annual tariff schedule and in the National Electricity Pricing Policy, which must be read in conjunction with this Policy, and is issued on annual basis together with the Municipal Budget.
- 3.2 The policy is applicable to all tariffs for electricity, water, sanitation/sewerage and solid waste/refuse services including availability charges and capital contribution charges as applicable insofar as such tariffs are not further provided in a specific policy.
- 3.3 This policy is also applicable to all other general and sundry tariffs, as provided for in the Tariff schedule of Mogale City Local Municipality.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

3.4 The municipality bills property rates to property owners within its jurisdiction as prescribed in the Municipal Property Rates Act no 6 of 2004 and the approved Property Rates Policy of Mogale City Local Municipality. Property rates will therefore not be part of the scope of this tariff policy.

3.5 In the event of any contradiction or inconsistency between this policy and any other approved specific service tariff policy of the municipality, by law, legislation, regulation or the approved tariff schedule, such approved policy of the municipality, by law, legislation, regulation or the approved tariff schedule shall prevail.

PART 4: GOVERNANCE AND REGULATORY REQUIREMENTS

4.1 Tariffs in terms of this Policy shall comply with the:

4.1.1. Constitution of the Republic of South Africa, 1996 as amended;

4.1.2. Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003), sections 17(3) (a)(ii), 19(2)(b), 24(2)(c)(ii), 28(6) and 62(1)(f)(ii) – [MFMA];

4.1.3. Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), sections 4, 74 and 75 – [MSA]; and

4.1.4. Any other applicable legislation, regulations and policies that may govern tariffs and that are not in contradiction with the primary legislation referred to above

4.2. Constitution:

4.2.1. Section 229:

1. Subject to subsections (2), (3) and (4), a municipality may impose –

a. Rates property and surcharges on fees for services provided by or on behalf of the municipality; and

b. If authorised by national legislation, other taxes, levies and duties appropriated to local government or to the category of local government into which that

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

municipality falls, but no municipality may impose income tax, value-added tax, general sales tax or customs duty.

2. The power of a municipality to impose rates on property, surcharges on fees from services provided by or on behalf of the municipality, or other taxes, levies or duties –

- a. May not be exercised in a way that materially and unreasonably prejudices national economic policies, economic activities across municipal boundaries, or the national mobility of goods, services, capital or labour; and
- b. May be regulated by national legislation.

3. When two municipalities have the same fiscal powers and functions with regard to the same area, an appropriate division of those powers and functions may be made in terms of national legislation. The division may be made only after taking into account at least the following criteria: -

- a. The need to comply with sound principles of taxation.
- b. The powers and functions performed by each municipality.
- c. The fiscal capacity of each municipality.
- d. The effectiveness and efficiency of raising taxes, levies and duties.
- e. Equity.

4. Nothing in this section precludes the sharing of revenue raised in terms of this section between municipalities that have fiscal power and functions in the same area.

5. National legislation envisaged in this section may be enacted only after organized local government and the Financial and Fiscal Commission have been consulted, and any recommendations of the Commission have been considered.

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

4.3. MFMA:

4.3.1. Section 17:

1. When an annual budget is tabled, it must be accompanied by the following documents:

a) Draft resolutions—

i. imposing any municipal tax and setting any municipal tariffs as may be required for the budget year; and

4.3.2. Section 19:

1. Before approving a capital project in terms of subsection (1)(b), the Council of a municipality must consider—

a) the future operational costs and revenue on the project, including municipal tax and tariff implications.

4.3.3. Section 24:

1. An annual budget must be approved together with the adoption of resolutions as may be necessary setting any municipal tariffs for the budget year.

4.3.4. Section 28:

1. Municipal tax and tariffs may not be increased during a financial year except when required in terms of a financial recovery plan.

4.3.5. Section 43:

1. If a national or provincial organ of state in terms of a power contained in any national or provincial legislation determines the upper limits of a municipal tax or tariff, such determination takes effect for municipalities on date specified in the determination.

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

4.3.6. Section 62:

1. The Accounting Officer of a municipality is responsible for managing the financial administration of the municipality, and must for this purpose take all reasonable steps to ensure-

a) The municipality has and implements a rates policy as may be required in terms of any applicable national legislation.

4.4. MSA:

4.4.1. Section 4:

1. The Council of a municipality has the right to -

a) governs on its own initiative the local government affairs of the local community.

b) exercise the municipality 's executive all legislative authority, and to do so without improper interference; and

c) finance the affairs of the municipality by—

i. charging fees for services; and

ii. imposing surcharges on fees, rates on property and, to the extent authorised by national legislation, other taxes, levies and duties.

2. The Council of a municipality, within the municipality's financial and administrative capacity and having regard to practical considerations, has the duty to –

a) Strive to ensure that municipal services are provided to the local community in a financially and environmentally sustainable manner; and

b) Consult the local community about-

i. The level, quality, range and impact of municipal services provided by the municipality, either directly or through another service provider; and

ii. The available options for service delivery.

4.4.2. Section 74:

1. A Municipal Council must adopt and implement a tariff policy on the levying of fees for municipal services provided by the municipality itself or by way of service

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

delivery agreements, and which complies with the provisions of this Act and with any other applicable legislation.

2. A tariff policy must reflect at least the following principles, namely that—

a) users of municipal services should be treated equitably in the 'application of tariffs;

b) the amount individual users pay for services should generally be in proportion to their use of that service;

c) poor households must have access to at least basic services through-

i. tariffs that cover only operating and maintenance costs;

ii. special tariffs or lifeline tariffs for low levels of use or consumption of services or for basic levels of service; or

iii. any other direct or indirect method of subsidisation of tariffs for poor households;

d) tariffs must reflect the costs reasonably associated with rendering the service, including capital, operating, maintenance, administration and replacement costs, and interest charges;

e) tariffs must be set at levels that facilitate the financial sustainability of the service, taking into account subsidisation from sources other than the service concerned;

f) provision may be made in appropriate circumstances for a surcharge on the tariff for a service;

g) provision may be made for the promotion of local economic development through special tariffs for categories of commercial and industrial users;

h) the economical, efficient and effective use of resources, the recycling of waste, and other appropriate environmental objectives must be encouraged;

i. the extent of subsidisation of tariffs for poor households and other categories of users should be fully disclosed.

3. A tariff policy may differentiate between different categories of users, debtors, service providers, services, service standards, geographical areas

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

and other matters as long as the differentiation does not amount to unfair discrimination.

4.4.3. Section 75:

1. A Municipal Council must adopt by-laws to give effect to the implementation and enforcement of its tariff policy.
2. By-laws in terms of subsection (1) may differentiate between different categories of users, debtors, service providers, services, service standards and geographical areas as long as such differentiation does not amount to unfair discrimination.

4.5 WATER SERVICES ACT NO. 108 OF 1997

i) SECTION 10: NORMS AND STANDARDS FOR TARIFFS

A municipality, in its capacity as a water services institution, must apply a tariff for water services which is not substantially different from any norms and standards which the Minister of Water Affairs and Forestry, with the concurrence of the Minister of Finance, has prescribed in terms of the present Act.

ii) SECTION 21: BYLAWS

A municipality, in its capacity as water services authority, must make bylaws which contain conditions for the provision of water services, and which provide for at least the following (inter-alia):

- (1) the standard of the services;
- (2) the technical conditions of supply, including quality standards, units or standards of measurement, the verification of meters, acceptable limits of error and procedures for the arbitration of disputes relating to the measurement of water services provided;
- (3) the determination and structure of tariffs in accordance with Section 10 of the present Act.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

If the municipality, in its capacity as water services authority, has imposed conditions under which water services are provided, such conditions must be accessible to consumers and potential consumers.

If the municipality, in its capacity as water services authority, provides water for industrial use, or controls a system through which industrial effluent is disposed of, it must make bylaws providing for amongst others at least the following:

- i) the standards of the service;
- ii) the technical conditions of provision and disposal;

PART 5: GENERAL TARIFF PRINCIPLES

5.1 Service tariffs imposed by the local municipality shall be viewed as user charges and shall not be viewed as taxes, and therefore the ability of the relevant consumer or user of the services to which such tariffs relate, shall not be considered as a relevant criterion (except in the case of the indigency relief measures approved by the municipality from time to time).

5.2 The municipality shall ensure that its tariffs are uniformly and fairly applied throughout the municipal jurisdiction.

5.3 The municipality before implementing all service tariffs must ensure that public participation process as required by the Municipal Systems Act before adoption and implementation. The process will include the following:

5.3.1 Establishing clear relationships, and facilitating co-operation and communication, between the municipal administration and the local community regarding the tariff services charges.

5.3.2 Providing members of the local community with full and accurate information about the level and standard of municipal tariffs to be charged.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

5.4 The municipality renders the following categories of services:

Trading Services

5.4.1 Electricity

5.4.2 Water

Economic services

5.4.3 Sewerage (waterborne waste)

5.4.4 Refuse removal (solid waste),

Community and subsidised services

These include all those services ordinarily being rendered by the municipality excluding those mentioned in 5.4.1 to 5.4.4 above.

5.5 The Municipality shall as far as possible recover the expenses associated with the rendering of each service concerned. The tariff which a particular consumer or user pays shall therefore be directly related to the standard of service received and the quantity of the particular service used or consumed.

5.6 The municipality shall, as far as circumstances reasonably permit, ensure that the tariffs levied in respect of the foregoing services further generate an operating surplus each financial year as the council of the municipality may determine at the time that the annual operating budget is approved. Such surpluses shall be applied in relief of property rates and for the partial financing of general services or for the future capital expansion of the service concerned, or both. The modesty of such surplus shall prevent the service tariffs concerned from being viewed as concealed taxes.

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

- 5.7 The municipality shall develop, approve and at least annually review an Indigent Management Policy for the municipal area. This policy shall set out clearly the municipality's cost recovery policy in respect of the tariffs which it levies on registered indigents, the subsidies and benefits attributable to approved indigents and the implications of such policy for the tariffs which it imposes on other users and consumers in the municipal region.
- 5.8 Council currently accepts the standards for basic service levels as stated in National Government documents related to free basic services, which may change from time to time. The subsidization of indigents must be aligned with paragraph 7 of the approved indigent management policy.
- 5.9 In line with the principles embodied in the Constitution and in other legislation pertaining to local government, the municipality may differentiate between different categories of users and consumers in regard to the tariffs which it levies. Such differentiation shall, however, at all times be reasonable, and shall be fully disclosed in each annual budget.
- 5.10 The municipality's tariff policy shall be transparent, and the extent to which there is cross-subsidisation between categories of consumers or users shall be evident to all consumers or users of the service in question.
- 5.11 The municipality further undertakes to ensure that its tariffs shall be easily explainable and understood by all consumers and users affected by the tariff policy concerned.
- 5.12 The municipality also undertakes to render its services cost effectively in order to ensure the best possible cost of service delivery.
- 5.13 In the case of directly measurable services, namely electricity and water, the consumption of such services shall be properly metered by the municipality, and meters shall be read, wherever circumstances reasonably permit, on a

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

monthly basis. The charges levied on consumers shall be proportionate to the quantity of the service which they consume.

5.14 In addition, the municipality shall levy monthly availability charges for the services concerned, and these charges shall be fixed for each type of property as determined in accordance with the detailed policies set out below. Generally, consumers of water and electricity shall therefore pay two charges: one, relatively minor, which is unrelated to the volume of consumption and is levied because of the availability of the service concerned; and another directly related to the consumption of the service in question.

5.15 In considering the costing of its water, electricity and sewerage services, the municipality shall take due cognisance of the high capital cost of establishing and expanding such services, and of the resultant high fixed costs, as opposed to variable costs of operating these services. The municipality therefore undertakes to plan the management and expansion of the services carefully in order to ensure that both current and reasonably expected future demands are adequately catered for, and that demand levels which fluctuate significantly over shorter periods are also met. This may mean that the services operate at less than full capacity at various periods, and the costs of such surplus capacity must also be covered in the tariffs which are annually levied.

5.16 In adopting what is fundamentally a two-part tariff structure, namely a fixed availability charge coupled with a charge based on consumption, the municipality believes that it is properly attending to the demands which both future expansion and variable demand cycles and other fluctuations will make on service delivery.

5.17 It is therefore accepted that part of the municipality's tariff policy for electricity services will be to ensure that those consumers who are mainly responsible for peak demand, and therefore for the incurring by the municipality

MOGALE CITY LOCAL MUNICIPALITY TARIFF POLICY

of the associated demand charges from Eskom, will have to bear the costs associated with these charges. To this end the municipality shall therefore install demand meters to measure the maximum demand of such consumers during certain periods. Such consumers shall therefore pay the relevant demand charge as well as a service charge directly related to their actual consumption of electricity during the relevant metering period.

5.18 Keeping Tariffs Affordable

5.18.1 The Council is keenly aware of the financial situation of most residents within the municipal area. Therefore, the Council undertakes to keep tariffs at affordable levels. To remain affordable, the Council will ensure that:

15.18.1.1 Services are delivered at an appropriate level

15.18.1.2 Efficiency improvements are actively pursued across the municipality's operations,

15.18.1.3 A performance management system is introduced to ensure that plans that are devised are implemented, that resources are obtained as economically as possible, used efficiently and effectively and that appropriate service delivery mechanisms are used,

15.18.1.4 Any non-core functions that it currently performs are phased out as soon as possible without depriving the community of any services that really contributes to the quality of life of people in our area, and;

15.18.1.5 Any service that is provided for which there is little demand, be priced at the actual cost of providing it. If this requires the Municipality to maintain significant infrastructure and other facilities, they should be phased out, except where the Council is by law required to provide such a service.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

5.19 Redistribution / Cross Subsidization

5.19.1 It is a fact that some members of the community are better able to afford to pay for the services that they use and have the benefit than others. The budget of the municipality is an important device in ensuring redistribution within the community.

5.19.2 Those that pay higher property rates based on the value of their properties, in fact subsidize those who pay less tax. Council uses the trading surplus it realizes on the trading account to bring relief with regard to property tax rates. Likewise, council will ensure that the cross-subsidization occurs between and within services to further contribute to its redistribution objectives.

5.20 Promoting Local and Economic Competitiveness and Development

5.20.1 The size of the property rates and service charges accounts presented to the local businesses, is a significant business overhead for any business enterprise in the municipal area. The overhead of a business is one of the factors that influence the price of goods and services sold by it, and therefore its profitability and chances of survival.

5.20.2 Council will take care that the municipal accounts presented to local businesses are fair. To ensure fairness toward local business, the Council will, when it determines tariffs, consider the desire:

5.20.2.1 To promote local economic competitiveness and

5.20.2.2 To promote local economic development and growth.

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

PART 6: CALCULATION OF TARIFFS FOR MAJOR SERVICES

6.1 In order to determine the tariffs which must be charged for the supply of the four major services, the municipality shall identify all the costs of operation of the undertakings concerned, including specifically the following:

6.1.1 Cost of bulk purchases in the case of water and electricity.

6.1.2 Distribution costs.

6.1.3 Distribution losses in the case of electricity and water.

6.1.4 Depreciation expenses.

6.1.5 Maintenance of infrastructure and other fixed assets.

6.1.6 Administration and service costs, including:

- a) service charges levied by other departments such as finance, human resources and legal services;
- b) reasonable general overheads, such as the costs associated with the office of the Municipal Manager;
- c) adequate contributions to the provisions for bad debts and obsolescence of stock;
- d) all other ordinary operating expenses associated with the service concerned including, in the case of the electricity service, the cost of providing street lighting in the municipal area (note: the costs of the democratic process in the municipality – that is, all expenses associated with the political structures of the municipality – shall form part of the expenses to be financed from property rates and general revenues, and shall not be included in the costing of the major services of the municipality).

6.1.7 The intended surplus to be generated for the financial year, such surplus to be applied:

- a) as an appropriation to capital reserves; and/or

MOGALE CITY LOCAL MUNICIPALITY

TARIFF POLICY

- b) generally in relief of rates and general services.

6.1.8 The cost of approved indigency relief measures.

- (a) The municipality shall provide the first 50kWh of electricity per month and the first 6 kl of water per month free of charge to consumers who have registered and have been approved as indigents in terms of the municipality's indigency relief programme as outlined in the approved Indigent Management Policy. The municipality shall further provide relief in respect of the tariffs for sewerage and refuse removal as well as property rates for such registered indigents to the extent that the council deems such relief affordable in terms of each annual budget.

PART 7: ELECTRICITY TARIFFS
