Dear Mr Msezana,

## **ELECTRICITY TARIFFS FOR THE PERIOD 1 JULY 2024 – 30 JUNE 2025**

1. Your application dated 11 June 2024 refers.
2. The Energy Regulator at its meeting held on 16 May 2024 decided that municipal tariffs should be assessed based on the cost of supply studies submitted by the licensee and a cost breakdown structure, for those without the cost of supply study. Consequently, the Energy Regulator considered your application for a tariff increase for the period 1 July 2024 - 30 June 2025 and approved the tariffs as follows:

4. The Energy Regulator further directs as follows:

- 4.1. The municipality to submit a report accounting for all the costs that have been noted in its COS study, to enable the Regulator to perform its independent verification/audit process by 30 September 2024;
- 4.2. The municipality to submit an audited financial report that reflects the impact of its cost of supply based tariffs on customers, as well as on the licensee's sustainability and local economy by 30 September 2024.

5. Please note that in terms of the National Energy Regulator Act, 2004 (Act No. 40 of 2004), National Energy Regulator is entrusted to perform all the functions that the National Electricity Regulator used to perform, and amongst others, to review and approve tariff increase proposals by all licensed distributors of electricity in South Africa. Implementation of tariffs without approval of the Energy Regulator is a contravention of the license conditions issued to you.

6. It is therefore important that provision is made in your planning / budgeting cycle to allow time for the submission of applications for future changes or increases to NERSA for consideration.

7. Should you have any enquiries please do not hesitate to contact Nkhangweleni Sigwadi in the Electricity Pricing and Tariffs Department on (012) 401 4728 or email: nkhangweleni.sigwadi@nersa.org.za.

Yours sincerely

Advocate Nomalanga Sithole
